HAS

ALL

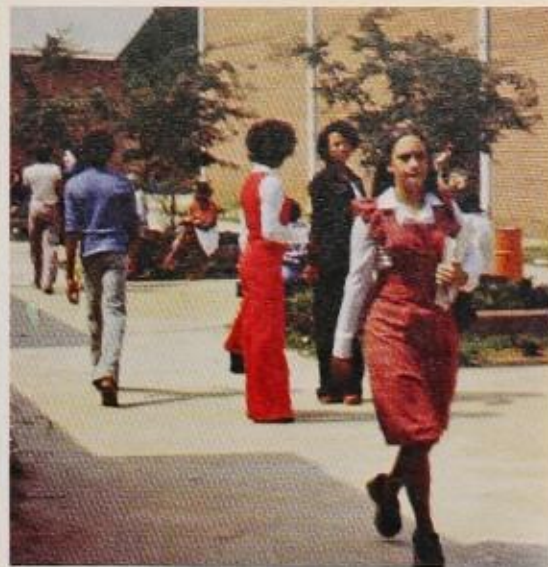

THE

BEST!

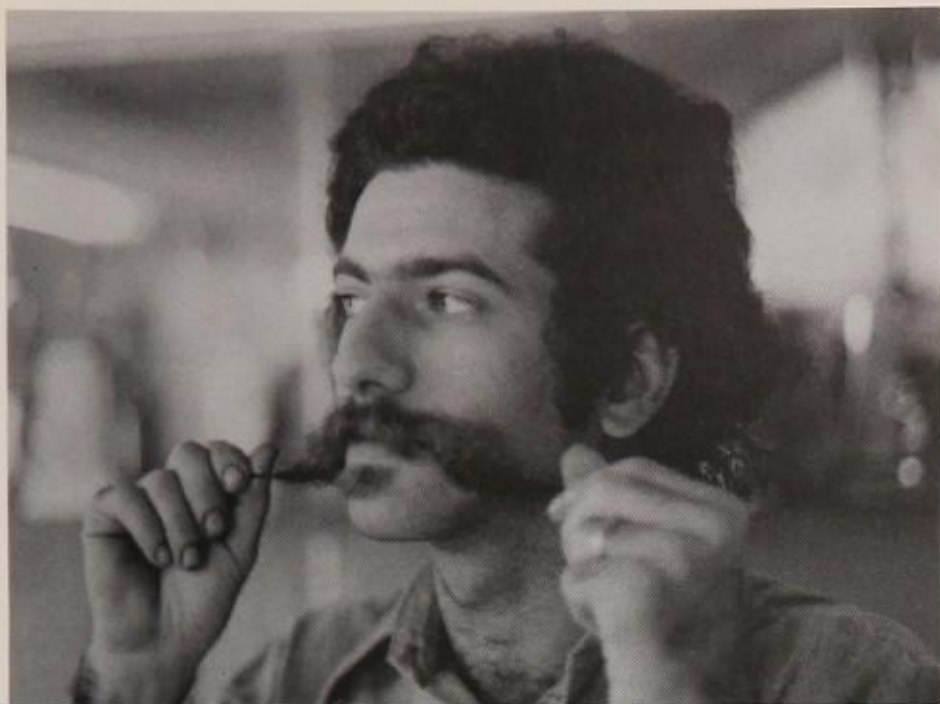

Television brings the world into focus with sight and sound. Fulton High School is similar to television focusing the sights and sounds of life through the medium of education.

Our ratings are good, but we compete with other affiliated stations (schools) to achieve the number one position.

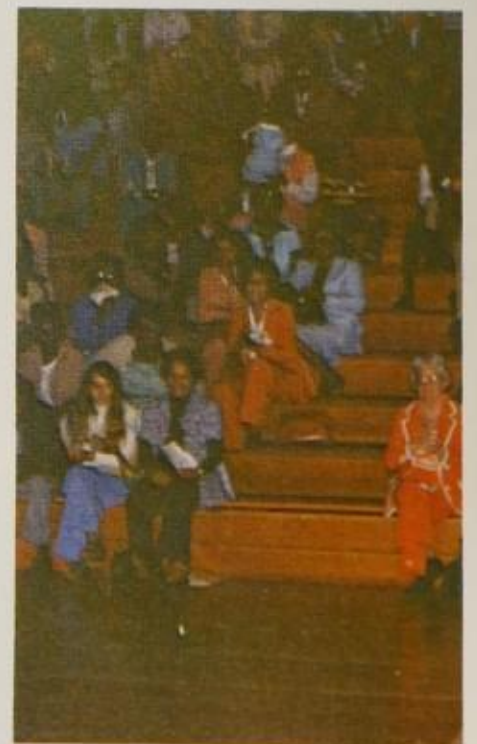

On the television set are the producer, production assistants, and the director. At school we have the principal, assistant principals, and counselors on the scene.

The producer, our principal, Mrs. Bessie McLemore, has the responsibility of planning the program (instructional plan) of the school, supervising the writing of the script (rules that affect us), attending rehearsals (school and school activities), and seeing that the final production (graduation) is a good one which meets our present goals and future ambitions.

The production assistants, our assistant principals, Ms. A. Wiggins and Mr. A.Z. Holloway, help the producer by applying their specialized skills. Mr. Holloway is in charge of order and business, while Ms. Wiggins takes care of records and the observation of teaching methods.

We have four directors, our counselors.
They counsel us on the program of studies
which will best enable us to broadcast our
ideas and concepts in life. They help us
decide what we should do and how to make
moves successfully through the stages in our
lives.

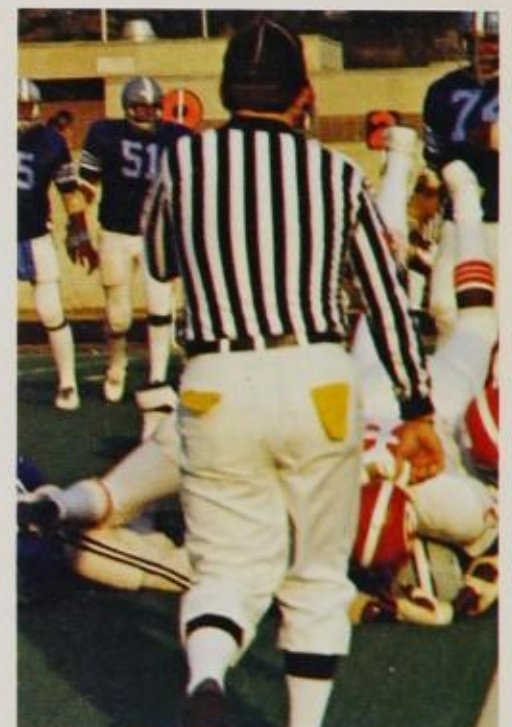

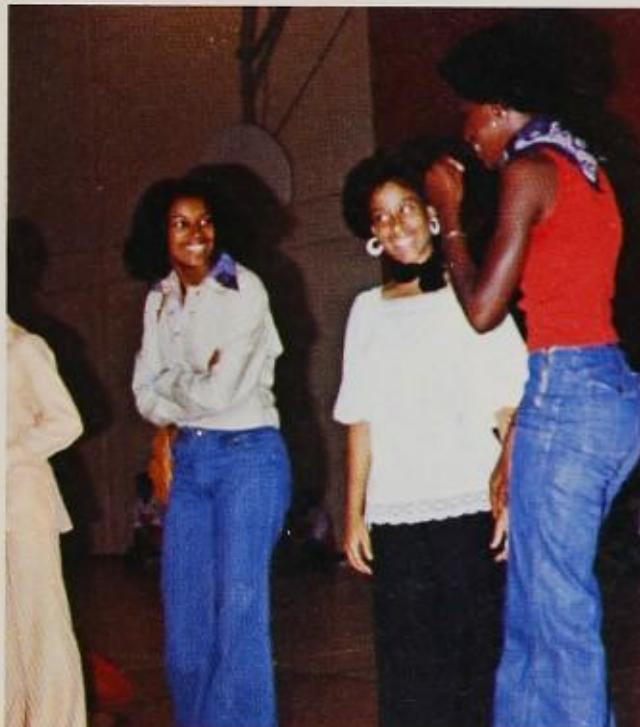

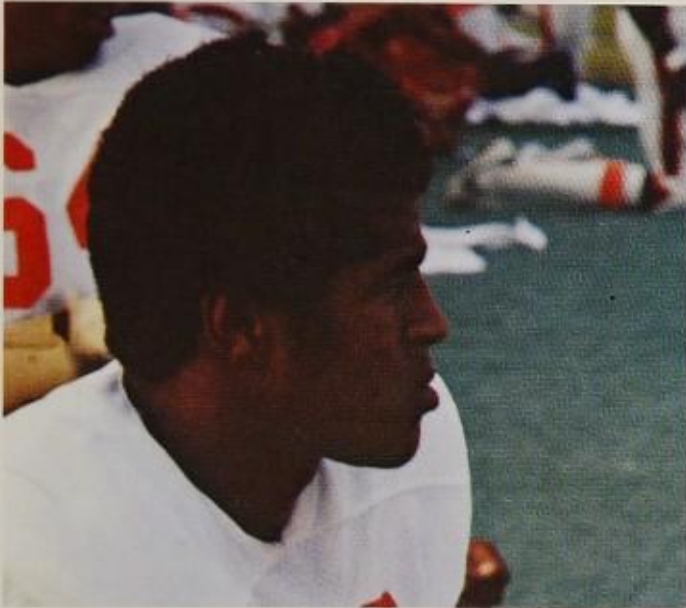

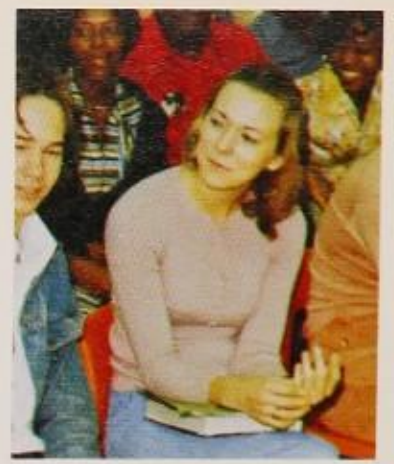

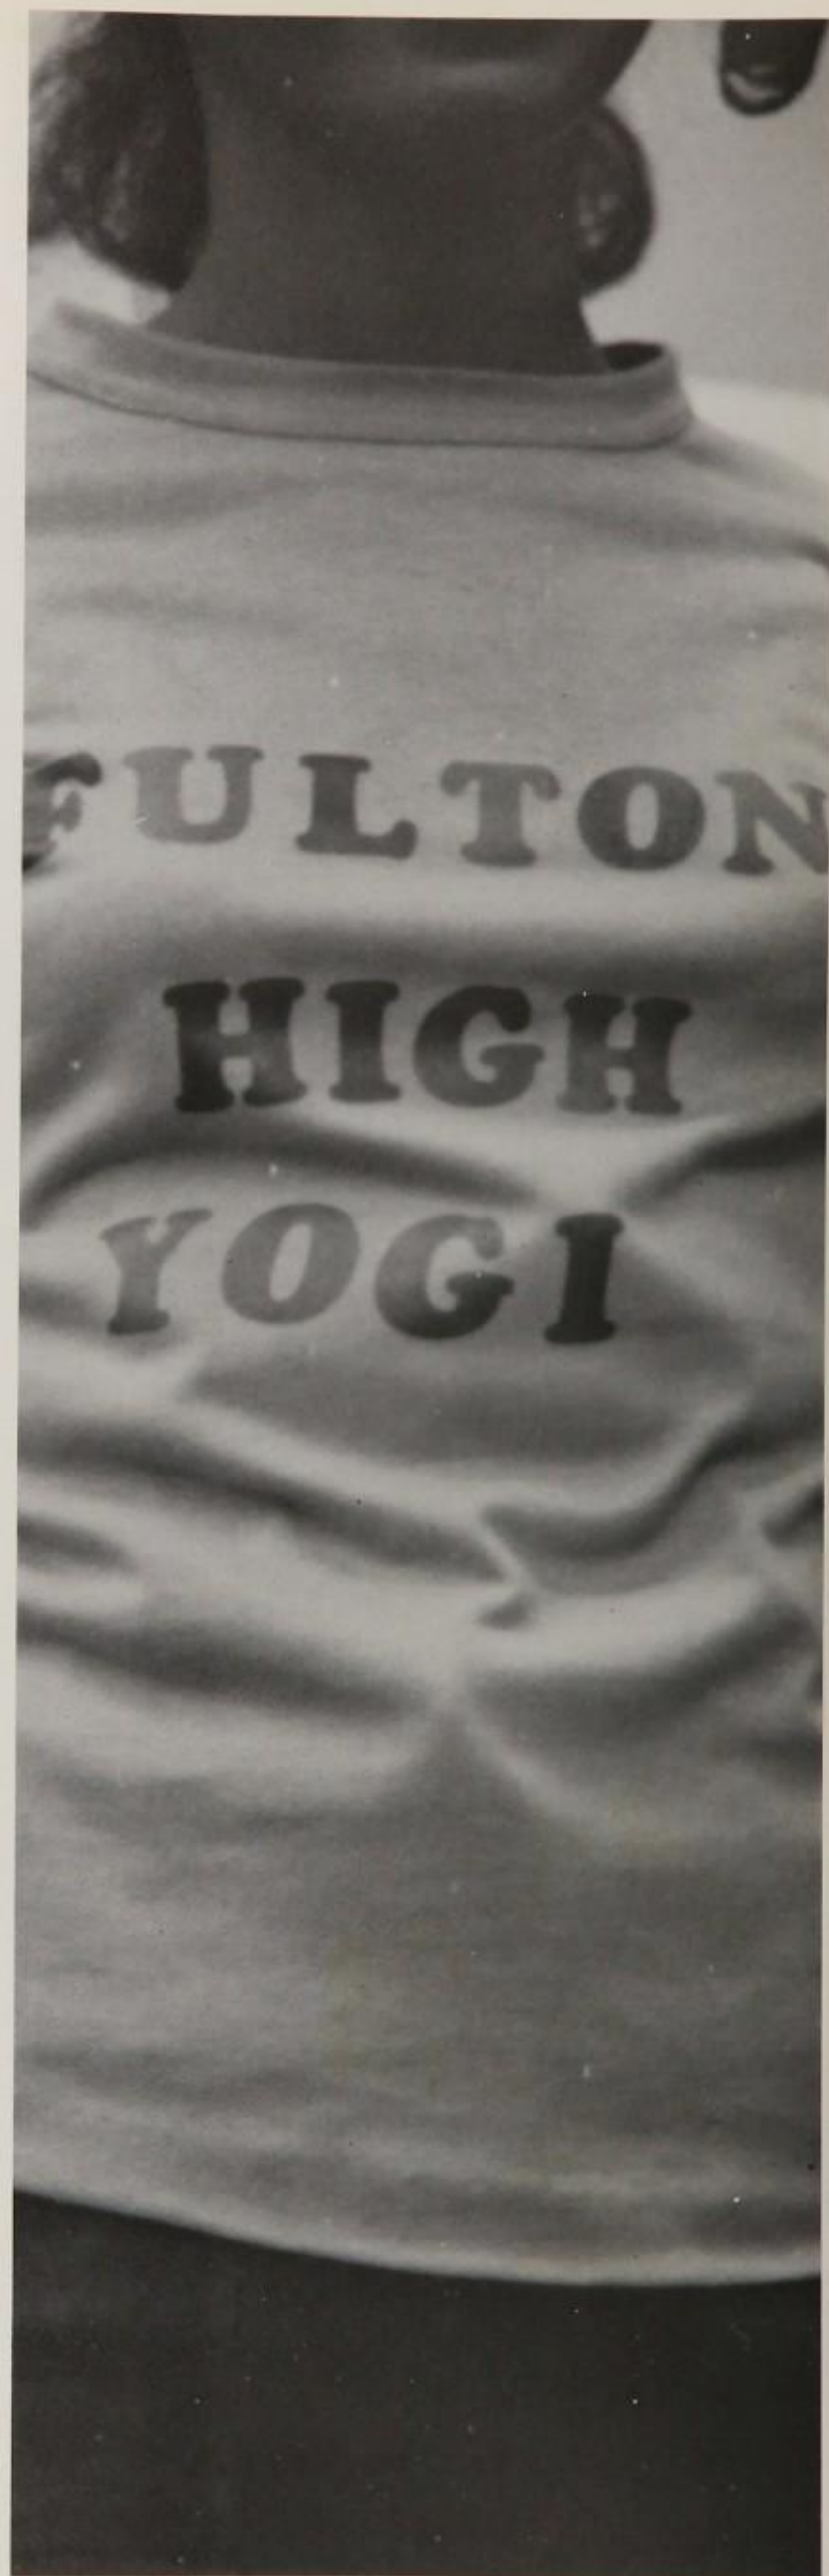

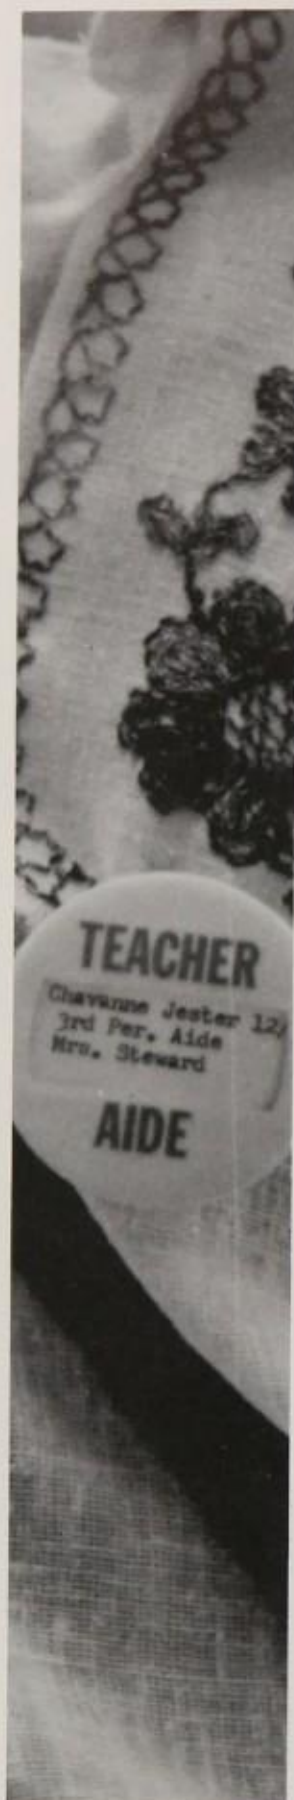

Our faculty members take the role of floor managers. They receive "the word" from the producer, production assistants, and directors, and relay the message to us through their teachings. Our faculty focuses on the entire class and on each member individually.

Finally, we have the actors. We, the students of Fulton High School, are what everyone is working for. It is up to us to take their efforts and use them to the best of our abilities.

Through victory, defeat, joy, and sorrow we must endure to perpetuate the spirit of THE FULTON HIGH SCHOOL REDBIRDS!

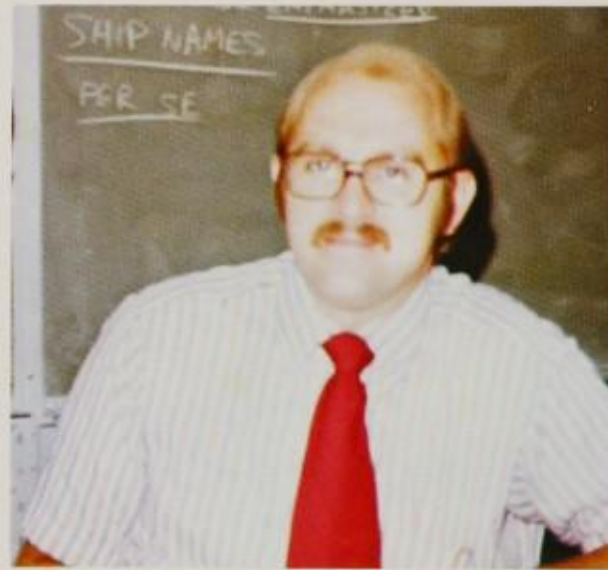

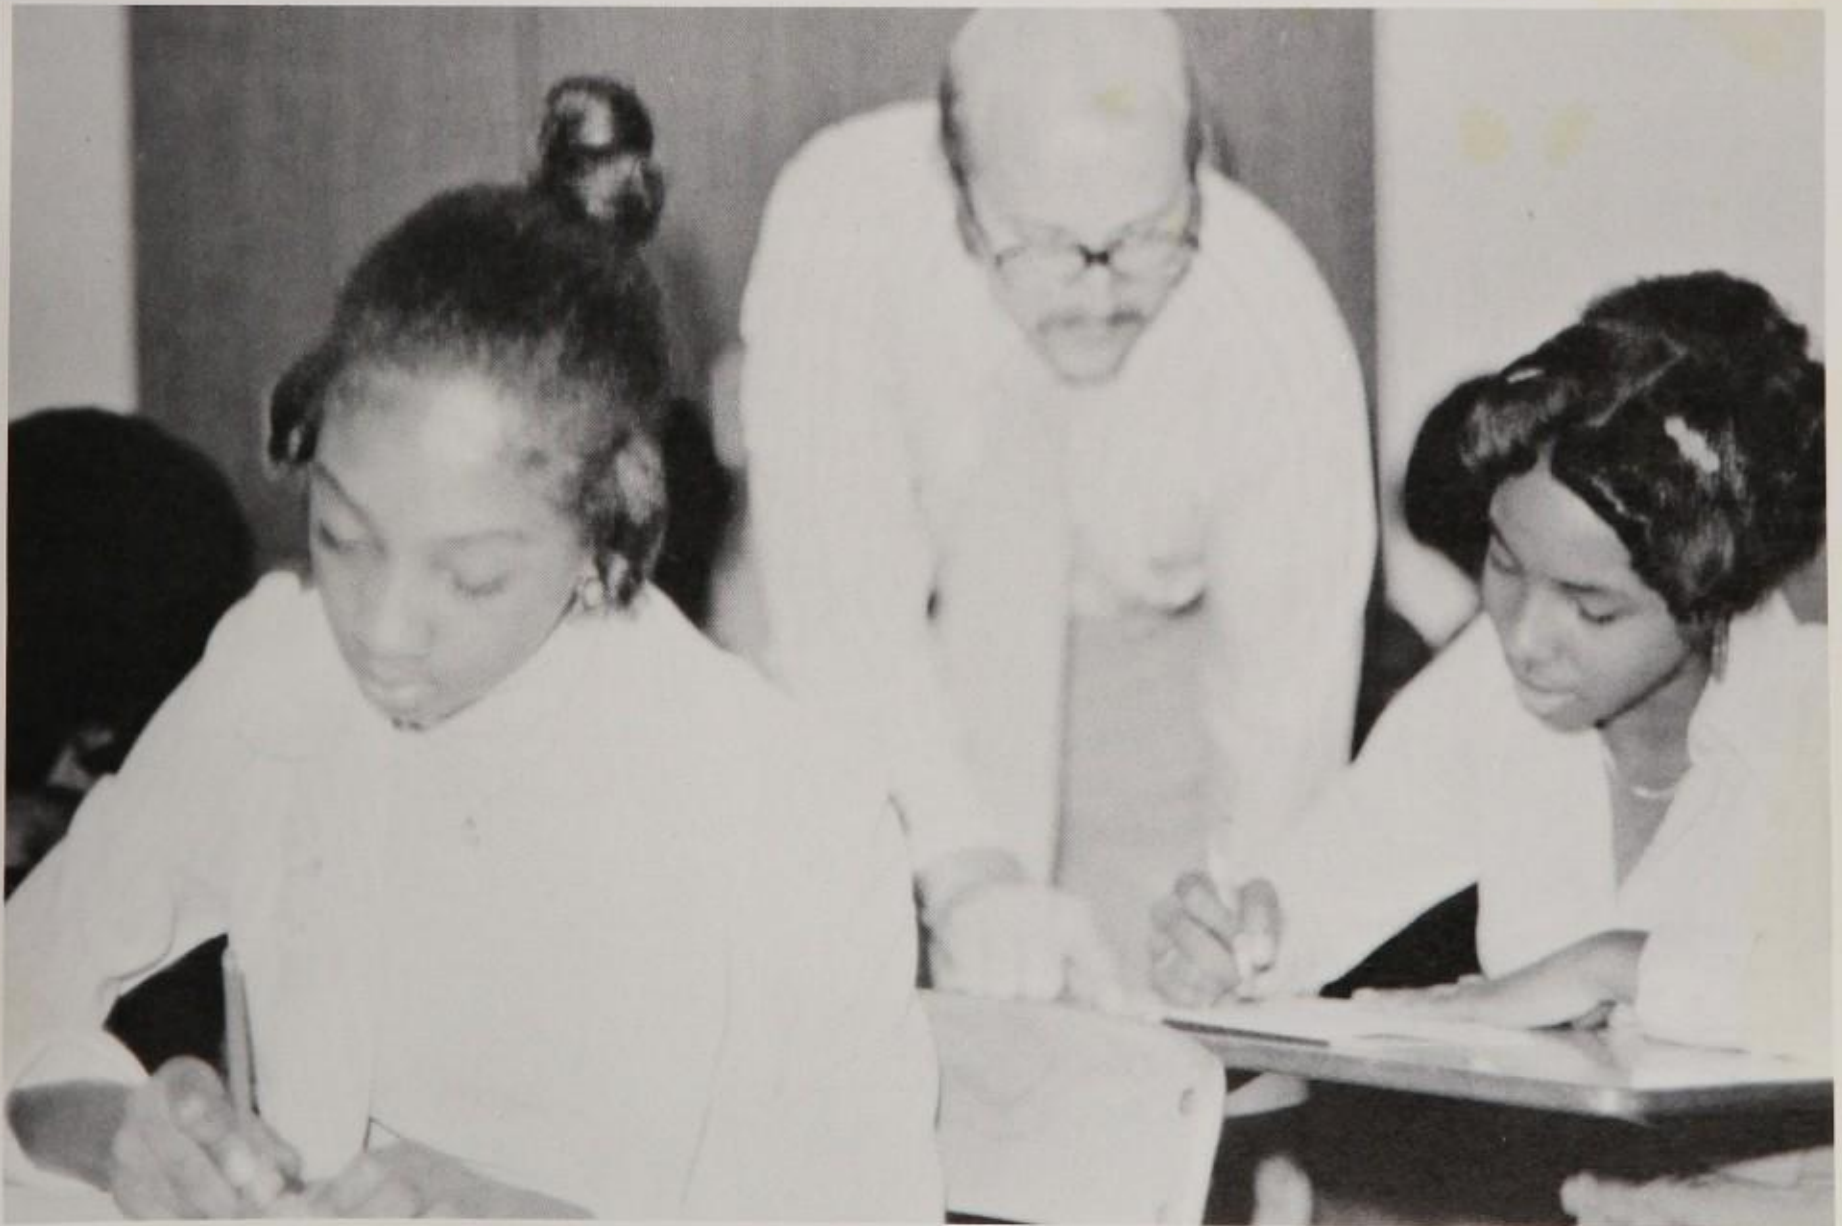

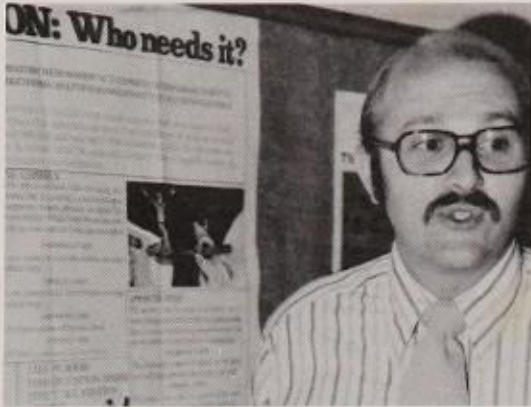

Television projects an image; the students project an image of the morale of the school. Therefore, our past learning represents the image of the past; our school spirit and diligence represents the present and our educational achievements represent the image of our future.

DEDICATION

EXCEPTIONAL TEACHERS ARE THOSE WHO GIVE OF THEMSELVES AND NOT MERELY OF THEIR TIME. THEIR LOYALTY, RESPECT, AND TEACHING HAVE KEPT THEIR STUDENTS CONTINUALLY ASPIRING FOR SUCCESS. THEY GIVE HOPE WHEN THERE'S LITTLE, THEY GIVE LOVE WHEN THERE IS NONE, THEY RESTORE PRIDE WHEN PRIDE IS LOST. TO THESE TWO TEACHERS WE DEDICATE THE *FORUM* WITH PRIDE. THEY ARE NONE OTHER THAN MRS. LOIS McKELLAR AND MR. JOHN McBRIDE!

As we of 12-3 leave FULTON,
we would like to leave with
you these words of direction—

"Let a new earth rise. Let
another world be born. Let a
bloody peace be written in the
sky. Let a second generation
full of courage issue forth; let a
people loving freedom come to
growth. Let a beauty full of
healing and strength of final
clenching be the pulsing in our
spirits and our blood. Let the
martial songs be written, let
the dirges disappear. Let a race
of men now rise and take
control."

Dear Graduates:

You are to be congratulated for having reached a new height in your learning career.

Whether or not you have given serious thought to your new role in life, you have already been thrust into the main-stream of America's life. Some of you will continue your education in our many institutions of higher learning, while others of you will immediately take on leadership roles in your community.

At this point in your lives, it will be necessary for you to take an active part in identifying the problems and seeking solutions to the various ills of your communities. In this celebration of your graduation, we must be aware that our nation's future securities depend on the progress and tranquility of all segments of the community.

Success can be the culmination of the long journey that you have embarked upon.

You should want to do what is right in the eyes of God, what is right in the eyes of man, and more importantly, what you perceive to be right in your own ethical concepts. If you have properly prepared yourselves during these last twelve years, it is a certainty that all of you will achieve whatever it takes to fulfill you as a worthwhile, contributing human being in whatever you choose to do.

Good Luck!
J.B. Smith
